Policy-holders now receiving a return of
60% of the premium on expiring five-year policies
40% of the premium on expiring three-year policies
20% of the premium on expiring one-year policies

It is a gratifying fact that for over ninety years successive generations have insured their property in the "OLD" WORCESTER.

Long records of continuous patronage mean much, both as to the past and to the future. It is so with a business house—it is so with an insurance company.

It indicates good, satisfactory service.

The "WORCESTER MUTUAL" offers the same excellent qualities to the insuring public to-day.

Ask your Agent or Broker to secure for you a "Worcester Mutual" policy or apply direct at the office by telephone or otherwise

Clarified and Pasteurized Milk

Clarifying makes milk absolutely clean. Come any day and see the bowl of our clarifier after the milk has passed through it and you will ever after demand clarified milk.

Pasteurization is positively necessary for all milk for the sake of safety, and there are no sound objections to pasteurized milk. It is the law in New York, Chicago and other large cities that all milk shall be pasteurized, and results have shown a large decrease in infant mortality especially in the summer months.

We have up-to-date machinery for properly washing and sterilizing all our cans and bottles, and we aim to give the best of service.

and The

Worcester Telegram

Is THAT ONE Paper

With the exception of some newspapers in Boston and one newspaper in Providence, both The Daily and Sunday Telegram have a larger circulation than any other newspaper in New England.

The Telegram printed over **172,600** more separate paid advertisements during the twelve months ending October 31, 1915, than all other Worcester Dailies combined, and many thousands more than any other newspaper in New England, outside of Boston.

THE DAILY TELEGRAM delivered by carriers throughout Worcester and in the county towns at 12c per week, 50c per month, $6.00 a year.

THE SUNDAY TELEGRAM 50c for three months, $2.00 a year.

HAT impression does your printed matter convey to those who read it?

From its appearance they will, perhaps unconsciously, judge your concern and its policies, your plant and its efficiency, your products and their merits.

Types, designs, papers, inks, all have individuality and personality. The laws that govern their use are as logical and fixed as the laws of mathematics. Our imprint on

Catalogs *and* Booklets

—the direct evidence of our skill—has brought us customers from many states. Recently we have established offices in Boston and New York to care for our growing business.

We know how to design and print catalogs, booklets and folders so that their appearance will add strength to the story of a power press, beauty to a display of jewelry or grace to an exhibit of corsets. They make an instant appeal to the eye and form a harmonious vehicle for your selling arguments. This is the kind of printing that pays—and its ultimate cost is low.

Stationery

too, carries far and wide an impression of you, of your taste and your attention to details that helps or hurts.

Our plant is large in capacity—modern in equipment—strong on skill and service. We know where to save on factory forms as well as we know how to build a de luxe book. This is what we mean by real service.
